

NOT PERMITTED

3 Yard / 6 Yard

To help ensure the safety of our employees, equipment, and the environment, please review the list of prohibited items below before loading your bin. **We have experienced two truck fires caused by materials that should not have been placed in our bins.**

While we accept many types of waste, certain items require disposal through a municipal or specialized facility due to safety, environmental, or landfill regulations. Thank you for our cooperation I'm helping is prove safe and reliable service.

- Oil - Motor oil, industrial lubricants and cooking oil cannot go in a dumpster.
- Fuels - All fuel types are prohibited in dumpsters due to their flammability.
- Tires - Not allowed in dumpsters due to the damage they can cause to landfills.
- Car Batteries - The toxic chemicals they contain cannot be mixed with other waste.
- Air Conditioners - They contain refrigerants that require specialized handling.
- Liquid Chemicals, Paint, Toxic Waste - Require specialized handling to be disposed of safely.
- Asbestos - Banned from most landfills because it is considered a carcinogen.
- Industrial Drums - Substances they contain may be hazardous.
- Medical and Hazardous Waste - Require specialized handling to be disposed of safely.
- Roofing Materials - Must be disposed of in a roll off dumpster.
- Concrete, Brick, Stucco and Asphalt - Heavy debris like these must be disposed of in a roll off dumpster.
- Construction Materials - Materials such as drywall, lumber and flooring must be disposed of in a temporary dumpster.
- BBQs, Propane Tanks, Any Ignition Source, Burn Barrel or Coal Ash Waste - These materials are flammable.
- Metal - Must be separate from regular garbage. Can be brought to our office for free disposal.
- Large Household Appliances / Appliances with Freon (Fridges, Freezers etc.) - Must be taken separately to the landfill, or recycling centre.
- Mattresses - Can only go in a roll-off bin and have an extra charge.
- Large Amounts of Soil or Sand - Too heavy for the front load truck to lift.
- Computer Monitors or Televisions - Must be taken to the recycling depot.
- Dead Animals - Must be taken to a landfill that accepts carcasses, as they must be separate from regular garbage.
